Third Annual! Naglee Park Open Studios Sunday June 5, 2011 Call for Volunteers

One of the benefits of a neighborhood association are the events and services that are provided for the enjoyment of neighbors and people who live outside the neighborhood. People who are bound to us by the shared enjoyment of activities that are fun and make us think about possibilities. Naglee Park Open Studios is one such event that neighborhood volunteers and the CCA produces for the enjoyment of all. Mark your calendars for June 5th 2011 and invite your friends and family.

Sunday, June 5, 11 a.m. to 5 p.m. many Naglee Park artists will show and sell their art in their own studios or shared spaces. This is a fun day; groups of neighbors walk around the hood visiting with each other and their artist hosts while they see the works and nibble on munchies. Naglee Park artists and non-artist volunteers are needed to put on this event.

The CCA encourages neighbors with ideas for events and activities, and the desire to volunteer their time, to come forward with their ideas to continue the neighborhood tradition of playing and working together. For example, in addition to Naglee Park Open Studios we have the street tree trimming program run by volunteers on the Beautification Committee. I also look forward to a time when we can have one or two dumpster days a year in the neighborhood. We need volunteers to help with these and other activities you imagine will benefit the neighborhood as a whole. Feel free to email me at president@nagleepark.org with your proposals or your desire to work on a project.

Lastly, our next General Meeting is Wednesday, April 20th at the San Jose Woman's Club. April Halberstadt will return and discuss with us the history of the neighborhood and her book on Naglee Park's history. I expect she will cover the years from the beginning of development, 1902, through perhaps the period of neighborhood decline in the post-war period. That is, if the audience allows her to get that far. The last General Meeting there was so much interest and so many questions that April only covered the history of the Naglee estate in the allotted time. We will also have a representative from Santa Clara County to discuss the plan and possibilities for the Medical Center Site. This is an important site to our neighborhood and the vibrancy of East Santa Clara Street. See you there.

Volunteers are needed to:

- Distribute handbills and flyers to businesses and homes**
- Deliver balloons to artists' studios**
- Take photographs the day of the event**
- Update the website**
- Write newsletter articles**
- Help with planning**
- Coordinate artists and volunteers**

If you'd like to help, please send an email to npos@nagleepark.org or call 408-384-8066. We hope to see all Naglee Parkers Sunday, June 5!

Beautification Committee

THANK YOU, KAREN!

Naglee Park owes a great big THANK YOU to our friend and neighbor Karen English as she steps down from leadership of the CCA's Beautification Committee. Karen has worked tirelessly for some ten years as its chair.

Despite having a full time teaching position at SJSU and two boys to raise with her husband John, Karen assembled the agenda; scheduled and conducted our informal meetings; managed the budget; produced the minutes; interacted dynamically with City Departments, SJSU, and Our City Forest; and spent years representing Beautification at CCA Steering meetings. All meetings were at her 14th Street home which started on time and always finished in or under an hour. Her minutes were e-published promptly and sent out to the members, often the night of the meeting.

Many successful projects were produced by committee members and neighbors under her watch: parking strip tree plantings, protection, and pruning; cleaning on and off- ramps; median maintenance; parking strip enhancements; daffodil plantings; bridge cleaning and painting; labyrinths; new gardens by the San Antonio bridge and at William Street Park, and the soon to be William Street Park gateway.

Like the rest of us committee members, Karen will continue to attend meetings and work on her favorite projects.

Once again, thank you, Karen, for your commitment and dedication to making Naglee Park more beautiful.

Come join us, we could use some new blood. If you have an idea for a project, we can help you make it happen. Or just hang out a while, learn the ropes, and maybe try on Karen's shoes.

Yard Trimming Cart Pilot Program Ends

April 29, 2011

The 18-month yard trimmings cart pilot program, which began in November 2009, will be ending on April 29, 2011. Weekly loose-in-the-street yard trimmings collection will return to these pilot neighborhoods the following week of May 2nd. Since yard trimmings cart service is a premium service, we will be retrieving all the pilot yard trimmings carts unless the resident calls in to keep the cart and pay the normal monthly fee.

April 20: Residents will have until April 20 to call the City's Customer Contact Center at 408-535-3500 if they would like to keep the cart and pay the monthly fee (\$4)*.

April 25 - 30: For residents who don't call, we will retrieve their cart(s) between April 25 - April 30; this may not always occur on collection day; customers will be advised to keep their cart out all week.

April 29: Pilot program ends.

May 1: Residents who don't return the cart will begin to see the monthly fee on their next Recycle Plus bill*.

May 2: Weekly loose in the street collection returns to the pilot neighborhoods.

* For residents who call in after April 20 to return their yard trimmings cart, the City of San Jose will retrieve the cart and, as a courtesy, remove the monthly fee from their bill for up to two billing cycles.

All residents in the Pilot Area will be receiving a mailing with a survey card. If you have an opinion about the pilot program, please return the card.

If you have any questions on the Yard Trimming Cart pilot program, call the City's Customer Contact Center at 408-535-3500

DRC's Report

I am told that this is the year of the Rabbit for Chinese dogs, including Chongqing Dog, also known as Eastern Sichuan Province Hunting Dog, the Chinese Crested Dog, the aptly named Chinese Foo dog, and my favorite, the Manchurian Hairless Dog. If, as my humans seem to think, we are entering the Chinese century, I hope they don't bring their dogs. Except for the Foo dog.

Speaking of foo, my invitation for others to consider walking with Cooper and me (and the human) when we journey across town to romp in the fields of San Jose High School has drawn fruit (is that an apt phrase?). We now encounter ponds of dogs and their humans on our walks. I know dogs do not group in 'ponds,' but 'packs' seems so aggressive. I welcome the company and the conversation.

Speaking of conversation, it has been over a year since we last visited the dog park near Olinder School. We stopped going because there were too many angry Staffordshire Terriers and unruly humans. Today, Cooper discovered an open sewer near the water fountain. I just do not understand the attraction that the males of our species have for sewerage and such. Cooper went in head first. We let him walk home with us, but not in front. And we probably won't go back again.

Following my last report, I was bombarded by protests over my comments that Marni and Steve Grant's dog (on 14th), which I have learned is named Zoe, pronounced as if it has two syllables, was annoying. Apparently, Zoe took exception to my comments and has threatened suit for libel. Bring it on. I am, after all, a dog.

The big school to the left of us is bustling, although I am hearing murmurs of discontent. Apparently, there are more humans who want to attend than there is room to house and teach them. Worse, it now costs

much more to go there than it used to. I plan to stand with the students when they manage to get it together enough to protest, but I can't help wondering what they must think every time they have to crowd through those small walkways to pass the construction on the new student center. Am I missing something? Oh and now they are planning to build a new sports center. I hope they name it the Foo Center.

I cannot finish without a comment on our economic situation. Let me put it into perspective for my canine friends: When we run out of kibble, our humans refill the container. I have no idea how that happens, but I always enjoy the trip to Sam's. What would happen to us if our humans did not refill the bowls? We would eventually eat them and anything else that we could catch (the small humans first).

Well there is no more kibble and the slowest runners will go first. Is this the world we want? Is this the year of the Rabbit?

Bark on my friends.

Sandy
