Re: Delta Epsilon Fraternity Fire, San José Fire Department

Members of Kappa Delta,

The Campus Community Association (CCA) would like to recognize your kindness extended to the firefighters of San José Fire Department, Station 8 on the recent evening of the fire at Delta Epsilon fraternity.

Your invitation on that cold, wet night to offer refuge from the elements and comfort in your house meant a lot to the firefighters of Station 8. We just wanted to let you know that it means a lot to us as well, as neighbors and community members.

Your actions demonstrate once again that your organization puts service to the community above all else. There is no truer measure of intention than to respond in a time of emergency.

Thank you once again for being a valuable part of the campus community.

Sincerely,

David Erickson
President, Campus Community Association of Naglee Park

cc. San José Fire Department, Station 8
San José State University President Don Kassing
Vice-Mayor Cindy Chavez (District 3 Council)
