Re: Council Agenda 3-30-10, Item 4.2 Direction on Municipal Regulations and Enforcement Pertaining To Medicinal Use of Cannabis.

Dear Mayor Reed and Council Members,

The Campus Community Association (CCA) advocates the proper regulation of the sale of cannabis through a dispensary or a collective so as the sale of cannabis does not become a nuisance to residents of San Jose and the neighbors of such cannabis clubs. One such dispensary or collective is adjacent to single family homes in our neighborhood. The lack of regulation on this dispensary and/or the lack of enforcement of existing regulation have resulted in families and homeowners enduring a profound negative impact to their quality of life.

Because of the often times severe and negative impacts from cannabis clubs to the surrounding area, the CCA supports city regulation of the clubs with an intent to protect residential neighborhoods from adverse impacts brought about by cannabis dispensaries and collectives. Please ensure that San Jose does not allow cannabis clubs to negatively impact its neighborhoods and residents.

Sincerely,

Dennis Cunningham  
President, Campus Community Association
