# Pres' Says

by *Dennis Cunningham*  
*CCA President*

*president@nagleepark.org*

The last few months have been quite busy for the neighborhood. We had the first annual Naglee Park Open Studios on June 7<sup>th</sup>. It was a great success and showed what grass roots efforts can accomplish in Naglee Park. Kudos to Frances Schwab and the many organizers and volunteers that made it happen. We are blessed to have so many accomplished and varied artists with which to celebrate their creativity.

Early June the Campus Community Association and Preservation Action Council, San Jose (PAC\*SJ) agreed to celebrate the rich history of Naglee Park. Together we have commissioned April Halberstadt, one of our resident historians, to write a book on Naglee Park's history. The book will focus on three eras, 1850-1902 Naglee's Park, 1902-1950 Naglee Park – The Residential Subdivision, and 1950-2000 The Fall and Rise of Naglee Park. We expect the book will be completed sometime around the end of this year. You may be surprised what you learn about Naglee Park.

Some people were surprised to learn the Santa Clara Valley Water District (SCVWD) had developed a number of options for the proposed Mid Coyote Creek Flood Control Project. Some of the "options" presented by the district included drastic flood control measures including 11 foot levees and the removal of a number of homes long the creek. The objective of the proposed project is to modify Coyote Creek to handle a 100 year flood, also known as a 1% probability event.

The water district held an open house at Olinder School on June 1<sup>st</sup>. They displayed 10 "options" for the neighbors to review and ask questions. We had a great turnout from the neighborhood and many gave input to the water district staff and district board members Joe Judge, Rosemary Kamei, and Richard Santos. To reach out further to residents in a public way Sam Liccardo, our City Councilmember, and Joe Judge, our SCVWD Board Member representing District 2, have formed a task force made up of reps

from all the neighborhoods abutting the creek in San Jose District 3. In addition, CCA has formed a task force to develop creek project strategy and ideas with the CCA Board and our representatives on the City/Water District task force.

Although the project will not move forward while the task forces do their work, stay engaged and keep up to date on the project. Let us on the CCA Board know your thoughts as we work through this major issue to the neighborhood and central San Jose.

Lastly, at our April General Meeting attendees voted on a slate of candidates for the CCA Board for the coming fiscal year July 2009 through June 2010. The attendees approved the slate of Dennis Cunningham as President, Beth Shafran-Mukai as Vice President, Ken Podgorsek as Treasurer, and Marni Kamzan as Secretary. I welcome Marni to the Board and look forward to her enthusiasm and wealth of ideas. Marni replaces Bev Fitzwater, who served as secretary for many years. Thank you to Bev for her great contribution to the Board. Next time you see Bev working on the medians or at Beautification events thank her for her service on the Board.

Well, that's it for this quarter. See you at the 4<sup>th</sup> of July events.

# Editors Notes

by Ken Podgorsek, Interim Editor

Summertime is a great time in Naglee Park with the CCA Fourth of July, National Night Out and Bark in the Park. We have a chance to get out and enjoy our neighbors and our neighborhood.

This summer, though, one of our very active neighbors has moved out of Naglee Park and I must confess I feel a loss. Tom Clifton has moved on to other endeavours and unfortunately another neighborhood.

Over the past 10 years Tom has been a very active neighbor serving on the CCA Board for four (4) years, as the CCA Representative to the University Neighborhoods Coalition for five (5) Years, CCA Representative to United Neighborhoods of Santa Clara County for six (6) years, CCA Newsletter Editor for eight (8) years, CCA List Admin and Webmaster for ten (10) years, volunteer to Friends of Coyote Creek and Bark in the Park, and so many numerous task forces and committees.

The CCA Board has named Tom Clifton the Grand Marshall of the 2009 CCA Fourth of July Parade. So when you see Tom, please say thank you. Tom has been a very big part of what makes our neighborhood a great place to live and raise our families.

I have commented to Tom over the years that I bet he wished that he did not move in across the street from me. He never said "No" to anything that I asked him to do for the CCA. He always was ready to serve. He is also a very good friend and I will certainly miss him. Although, last week I found him in his travels, and he had to find a "hot spot" to get on the internet to show me how to do something on the website. Technology really doesn't allow you to move away.

I know that you all join me in wishing Tom the best, and when you see him in the parade, please let him know in person.

See you all at the CCA Fourth of July, National Night Out and Bark in the Park. Here is to a great 2009 Summer in Naglee Park.

*Limited Edition of the Commemorative  
Bicentenary Liberty Bell  
1776 – 1976*

## Let Freedom Ring

By Yolanda Hayes

You are invited to view this magnificent work of art casted at the Whitechapel Bell Foundry, London, England to mark the bicentenary of American Independence. It is number 1087 out of 2400 bells casted in 1974. The original Liberty Bell which is now in Independence Hall, the State House of Pennsylvania, was made by the Whitechapel Bell Foundry, Ltd..

This bell is to the scale of 1/5<sup>th</sup> the original Liberty Bell ordered from the same foundry by the Province of Pennsylvania in 1752, and cast on the same site. To make this reproduction possible, the Whitechapel Bell Foundry incorporated a process which has not been a tradition of bellmaking for 600 years.

The cire perdue or "lost wax" method which was recorded most notably by the mediaeval monk Theophilus in his "De Diversis Artibus", but which was subsequently superseded by the "false bell" method.

# Naglee Park Girl Scout Troops “Adopt” a New Parkstrip!

*Article and Photos by Bev Fitzwater*

On Saturday, March 15<sup>th</sup>, members of Junior Troop #60111, and Brownie Troops #60115 and #61000 adopted a new parkstrip in our neighborhood!

These Naglee Park troops have been tending to a parkstrip just east of the San Antonio Street bridge, near 19<sup>th</sup> and San Antonio for over 3 years. The newest parkstrip is another “adoption” for the troops, and they began early Saturday morning by pulling out old plants, weeding, mulching, sweeping. Finally, after a great team effort and a few hours of hard work, they planted colorful petite oleanders, shrub daisies and gazania in the parkstrip. It looks great!

The girls and their families who helped transform the parkstrip were: Elena A., Leila A., Emily D., Olivia D., Kate D., Lilly H., Elena J., Diana R., Juli R., Genevieve R., Meghan S., Hannah S., Amelia S., Kira W., and Grace Y. Special assistance also came from siblings Charlotte R. and Nils S., and Avril W.!

The project was coordinated by Karen Ajluni. The troops are led by Eugenia Rendler (60111 & 60115) & Desiree La Maggiore (#61000), and Assistant Leaders Karen Ajluni (60111) & Ann Weitz (60115). The planting was funded and supported by the CCA Beautification Committee.

## **East San Jose Carnegie Branch Library Grand Reopening August 29th**

On Saturday, August 29<sup>th</sup>, at 11:00 am, the new East San Jose Carnegie Branch Library will open its doors to the community. Located at 1102 E. Santa Clara St., the new library has more than doubled in size, with Group and Quiet study rooms, an Internet Café, Teen room, Fireside Living Room, and a marketplace with the latest titles on display. The original Carnegie building remains and will serve as the new Community Room.

The San Jose Public Library Foundation is raising funds to support this beautiful new branch. Contributions will help enhance teen and children's areas in the library, and provide books, new language materials, multimedia resources, and technology. Donations of \$100 or more will be recognized on a plaque in the library.

Please lend your support for this historic community library and meeting facility. It's an amazing renovation of a wonderful community resource.

# Naglee Park Open Studios Debut Amazes Everyone!

*By Frances Schwab  
Photos by Lynda Sereno*

Over 200 people attended the very first Naglee Park Open Studios (NPOS) Sunday afternoon, June 7<sup>th</sup>, where 16 artists showed their work, shared their visions, process and refreshments with curious and enriched community members. Many artists also sold multiple pieces of work to their surprise and delight. One noted there were more people and many more sales than for much larger and more established events. There is strong consensus from attendees, artists and organizers that this event should definitely continue in future years.

Neighbors commented on the broad range of art represented, from traditional pastel landscapes and oil paintings of France, to cartoon art, traditional crafts, mixed media with urban themes, to poignant photos of faces around the world. John Messmer described some steps in restoring a clock, and the history of the clock, as well. Alexandra Cunningham shared her vibrantly colored mixed media work with her just baked chocolate chip cookies nearby. Adjacent, a sign invited commissions to paint interior murals for children's or other rooms. Emilio Sandoval demonstrated how he achieved the cloudy coloration on a T-shirt, crunching up a section of a shirt and mimicking the airbrush spray, reaching the top of the ripples only. Jeremy Talamantes described the setting of an oil painting showing an angry father and a teen plaintively trying to explain a bad mistake. Dan

Dermer the potter showed visitors his just unpacked new kiln, wheel and a broad display of his work.

Though most attending NPOS were neighbors, event visitors came from more than ten zip codes, and several from out of state. Some attendees were also from around the world. Nathan Louie, neighbor of NPOS graphic designer Beverly Fitzwater, happened to mention last week that he was ushering 24 public officials from China around town, here for four months at San Jose State. Bev arranged to share copies of our just printed NPOS programs with the group, and encouraged their attendance. They all came, and were introduced to 13 American homes and yards, 16 artists, a century of architectural variety, and the curiosity and welcome of the Naglee Park community. In turn, we invited them to join us for our July 4<sup>th</sup> Parade and Picnic next month. When you see a Chinese visitor with a yellow name tag noting their job in China on it, you can say, "Knee how", which means "hello" in Chinese, and ask them about their work noted on their tag. They are curious about our lives, and enjoy telling about theirs.

The extraordinary turnout for this first time event is a credit to the hard work of a huge team of neighbors. You heard that Frances Schwab had the original idea, after talking with artist and neighbor Ted Fullwood and seeing the extraordinary range of art in his studios. What may be less visible to the neighborhood is the large number of neighbors who offered their time, ideas, experience, wisdom and sense of humor to develop this idea into a magnificently planned community event. That the time from initial idea to event was less than four months further speaks to the many hours of drafting, editing, trekking, posting, cajoling and can-do attitude

(Continued to Page 9)

particularly of the NPOS Planning Committee. Many people helped at some point to make this event happen, but the core members of the rest of the committee must be properly credited: Cici Green, Lynda Sereno, Ken Podgorsek, Stephanie Sorensen, Mary True, Tina Weiner and Beverly Fitzwater. The Committee would like to thank all those who who worked hard to make this event possible. They will also be sending out a survey seeking feedback about what worked well and what could be improved next time. Some early suggestions included requests for jewelers participation, and also an opportunity for the artists to visit each other's studios at some point during the event. Neighborhood artists who did not participate this year are encouraged to get on the list for next year's event now. There is more preparation time for next year. Helpers of any and all types also needed.

## Preventing Falls is Important to Senior Health

When you think of your aging loved ones, what do you worry about most? Is it a heart attack or stroke cutting short their life, or perhaps cancer? While these illnesses are very real worries for everyone as they age, it may surprise you to discover that falls are the second leading cause of accidental death in the United

States, and 75 percent of these falls occur in the older adult population.

Falls are the single largest cause of injury among seniors. According to the Centers for Disease Control and Prevention's (CDC) National Center for Injury Prevention and Control, older adults are hospitalized for fall-related injuries five times more often than they are for injuries from other causes. One-third of older adults who fall, sustain a hip fracture and are hospitalized, die within a year.

Even if a fall does not result in hospitalization, fear of falling can become a major factor in seniors' quality of life. Fear leads to inactivity and loss of confidence which in turn produces a cycle of fear, loss of self-confidence and inactivity.

Dr. Roberta A. Newton, Ph.D., Temple University College of Health Professions in Philadelphia has spearheaded efforts to study and research why falls occur and how they can be prevented. Recognizing the importance of preventing falls, Visiting Angels, a national network of franchised non-medical senior homecare agencies, has partnered with Dr. Newton to increase the public awareness and importance of this sometimes overlooked issue.

To help seniors and their families find out more about falls and how to prevent them, Visiting Angels conducts free seminars across the country. "As our loved ones age, it is important to recognize that things like throw rugs that once didn't warrant a second thought, now become household hazards. Mobility and agility limitations require a fresh look at the everyday contents of the home," says Pat Drea Vice President of Operations. Here are some easy tips to help minimize the risk of life-altering falls for your loved ones.

- \* Throw rugs can be a tripping hazard. Either remove them or make sure they are securely tacked down.
- \* Add hand rails to all stairs.
- \* Clear clutter from walking paths, and make sure hallways and stairways are well-lit.
- \* Eliminate long extension cords that snake across a room. Plug lamps into outlets near the wall so cords

(Continued to Page 10)

(Continued from Page 9)

## Senior Health (Cont'd)

- \* Add grab bars next to the toilet, tub and shower.
- \* Getting in and out of the tub can be hazardous. In addition to grab bars, make sure the tub has non-skid mats. A tub seat may make showering easier, too.
- \* Trade in floppy slippers for well-fitting slippers with non-skid soles. Also, avoid night clothing that drags on the ground.

The experts at Visiting Angels can help you check for hazards in your loved one's home. Attend a free fall prevention seminar near you, or call your local Visiting Angels office for a free consultation to help you assess your situation and address the issues that are important to you and your family. Visit [www.visitingangels.com/sanjose](http://www.visitingangels.com/sanjose) to find the office nearest you.

# District 3 News From District 3 Council Office

Exacerbated by an expected “revenue grab” from the state government, San José’s budget woes have challenged us to find ways to provide basic city services in a time of economic crisis. The City staff’s budget proposed dozens of layoffs of city employees and reductions in many city services, including the closure of three downtown community centers, sharply reduced service at libraries, and public safety cuts. In recent weeks, I’ve worked with several of my colleagues to issue formal proposals to reallocate funds to restore high-impact services, by:

Ensuring that our community centers, including Alma, St. James, and Northside, remain open for another year while the City solicits nonprofit organizations that can partner with us to provide needed services to seniors, youth, and families;

Keeping a fire engine company operating at Station 30 in Delmas Park;

Opening our branch libraries at least five days per week, rather than the proposed four days;

Restoring some of the cuts in grants funding for our nonprofit arts and cultural organizations; and

Avoiding the loss of one of our police department’s traffic enforcement units.

The Council approved the Mayor’s budget, and fortunately, the rest of my colleagues committed to maintain funding in each of these areas.

Separately, City staff has sought to negotiate with labor representatives to see if our employees will forego wage increases (which the City would otherwise be contractually bound to provide) in exchange for restoration of jobs and services. In a Mercury News op-ed, I advocated for concessions by all ten of our bargaining units, to ensure that we can avoid layoffs and restore critical services. We have had some success so far. My gratitude extends to the

union leaders and members of ABMEI, AFSCME, MEF and CAMP who have courageously agreed to wage concessions. In an effort to “share the pain,” Councilmember Constant and I proposed, and Council recently adopted, a cut in councilmember salaries as well.

The final adoption of the budget will take place on Tuesday morning, June 23rd at 10 a.m. at City Hall in Council Chambers.

Sincerely,  
Sam Liccardo

## **Recent Council Actions Impacting Our Downtown**

There’s been a flurry of Council action in recent weeks on several very important issues to the downtown and surrounding neighborhoods. With the support of Sam and neighborhood leaders, the neighborhoods prevailed on each of them:

Last week, Council approved an initiative Sam authored, along with Mayor Reed and Councilmember Nguyen, to assist San Jose homeowners at risk of foreclosure by leveraging the City’s own banking relationships to obtain commitments from lenders for loan “workouts” for struggling residents.

Council approved a \$6 million contract to begin cleanup of the toxic contamination at Watson Park, with the restoration of at least one soccer field, a dog park, a tot lot, basketball courts, and other amenities.

On June 9, Council approved moving forward with the long-planned conversion of the Julian-St. James “couplets” from one-way to two-way streets to slow neighborhood traffic, improve walkability, and reduce blight. This \$ 6.8 million project will commence construction this fall.

On June 2rd, Council approved additional investment in the renovation of the historic Civic Auditorium, which will again serve as a premier venue for live concerts and performances that will help support downtown eateries and hotels.
